

Junseo Lee

1 Introduction

- Currently attending at Dongguk University, Bachelor of Engineering
- Currently Double Majoring in Mechanical, Robotics, and Energy Engineering and Electricity and Electronics Engineering
- Currently Undergraduate Research Student in SPARK LAB

2 Skills

- Programming Language : C, C++, Python, MATLAB
- Able to utilize Mechanics Knowledge
- Able to use Arduino, RaspberryPi, Jetson Nano, and other MCUs
- Able to build Deep Learning models through Keras

3 Experiences

- Force estimation through image data using CNN-LSTM
- Building visual tactile sensor hardware and software
- Simple Arduino projects

4 Area of Interest

- Robotics
- Machine Learning
- Brain Signals
